

## Valentina Grecchi BA (Hons)

Valentina Grecchi was born in Germany. She has a BA (Hons) in Business Studies. She has always had a keen interest in IT and further developed her skills in this field over the years in particular web skills and user interaction.

Since 1997 she has been working in the HIV/AIDS sector where she has worked for various organisations as administrator, volunteer co-ordinator, PA to Boards of Directors, IT Manager & Trainer, Web Publisher. She has also worked as a fitness instructor with HIV/AIDS patients in a health and fitness scheme as a mentor in a voluntary capacity. In her current role at ECPP she is IT Manager & Web Developer responsible for ECPP's IT network, the website and leading the **informationtopatients** project. She has been with ECPP since January 2000.

Valentina Grecchi is fluent in several European languages and has an understanding of a number of others including Slavic languages.

Prior to that she has worked as administrator and marketing manager in the commercial sector.
